

Meander Valley Council's Community and Business Support Package

Specific measures include:

Immediate rate waivers for most owners of commercial and recreational property

Most properties valued and used for commercial and recreational purposes will not be charged rates from 1 April 2020 to 30 September 2020. Council will also be strongly advocating for cost savings to be passed onto commercial tenants such as small business.

Suspension of any increase in annual rates charges, planning, building and licensing fees

All property owners can expect no increases to Council's rate charges for the next financial year. In addition. Community members utilising Council's services and facilities will see no increases in fees for the same period and any increases associated with changes to the CPI will not be applied.
